LinkedIn: linkedin.com/in/kiruthika-i-8784ab331

TECHNICAL SKILLS

Programming: C, C++, Java, Python (Basics)
Web Technologies: HTML, CSS, JavaScript (Basics), Bootstrap
Database: SQL, MySQL
Tools: VS Code, Git, GitHub
Core Concepts: DBMS, Object-Oriented Programming

CERTIFICATIONS

- NPTEL – Database Management Systems
- NPTEL – Software Project Management
- NPTEL – Security Information and Event Management (SIEM) using Wazuh
- HackerRank – SQL Certification
- NCVRT – Dress Designing

ACHIEVEMENTS

- Completed Typewriting Junior Level with Distinction.
- Served as School House Captain, demonstrating leadership and organizational skills.
- Participated as an NCC Volunteer.

PUBLICATION

Book Chapter: “Generative AI: Principles, Techniques and Applications”
Shinemax International Publications | 2026

PROFILE

Motivated B.Sc. Information Technology student with foundational knowledge of Java, Python, SQL, web technologies, and database management. Gained practical exposure to full-stack web development through an internship and developed CIVIC-AI, a smart public complaint management system. Eager to apply technical knowledge, problem-solving abilities, and a willingness to learn in an entry-level IT role.

EDUCATION

Bachelor of Science in Information Technology (B.Sc. IT)
Dr. N.G.P. Arts and Science College | CGPA: 7.6/10
Higher Secondary (HSC)
Wood Side School, CBSE | Aggregate: 70%
Secondary School (SSLC)
Wood Side School, CBSE | Aggregate: 75%

INTERNSHIP

Full Stack Java Intern
Apex Technology and Solution | 15 Days

- Gained practical experience in Java, web development, and application design.
- Learned the fundamentals of frontend, backend, and database integration.

PROJECT

CIVIC-AI – Smart Public Complaint Management System
Technologies: HTML, CSS, JavaScript, Bootstrap, Spring Boot, MySQL

- Developed a web-based platform that enables citizens to register and track public complaints online.
- Designed a user-friendly interface for complaint submission and status tracking.
- Implemented backend integration and database management for storing complaint information.
- Incorporated AI-based complaint classification to support categorization and departmental routing.

PAPER PRESENTATION

- Presented “AI in Healthcare and Diagnostics” at PSGR Krishnammal College for Women.
- Presented a paper on “Generative AI” at KPR Arts and Science College.
